Tactical Medical Solutions® is a global leading developer and manufacturer of pre-hospital medical gear for the tactical and civilian world.

We currently have over 2,000 products available and a presence in 70 countries around the world. Here at home, we service 7 of the top 10 police departments, including the NYPD and LAPD, as well as major fire and EMS agencies.

We're proud to say that when customers think of TacMed™, they think uncompromising - uncompromising commitment to delivering top-quality products, tactical knowledge, customized training, and reliability in the field.

RESCUE TASK FORCE LITTER

Rapid deployment drag line already rigged to litter.

Improved plastic bed for longer product life when evacuating over rough terrain.

Quick secure straps, with larger buckles, making it easier to use when wearing rescue gloves.

Compact storage.

Size allows movement of casualties through narrow passages and walkways such as on aircraft, buses, and trains.

The Rescue Task Force Litter is small enough to attach to your kit or another bag but is still functional in a rescue environment. It provides a rapid means of casualty movement without compromising durability, flexibility, or the individual's ability to maneuver through the most demanding environments. Casualties can be dragged or carried off target without excess time spent rigging and securing. It also eliminates the wait time for a conventional litter to be brought from the breach point or a support vehicle.

YOUR EQUIPMENT SHOULD NEVER BE A COMPROMISE.

PRODUCT NUMBERS	TAN - RTFL-T BLACK - RTFL-B LITTER ONLY - RTFL
DIMENSIONS	In Pouch 22" H x 8" W x 5.5" D
WEIGHT	2 lbs 5 oz.
